My Advent assessment will test my knowledge on...

Media

- Task 1: Sport coverage
- Learning Outcome 1 is assessed in this task.
- It is important that visitors to the exhibition understand that sport is covered by a wide range of media. You have been asked to use different examples to illustrate the range of media coverage of sport.
- Task 2: The positive and negative effects
- Learning Outcomes 2 and 3 are assessed in this task.
- The organisers of the exhibition want visitors to attend various workshops. You have been asked to do a presentation on the positive and negative effects that media can have on sport using a range of examples.
- Task 3: The relationship between sport and the media
- Learning Outcome 4 is assessed in this task.
- Whilst gathering information for your contribution to the exhibition you have become interested in how media and sport influence each other and the relationship between the two.
- Your task is to describe the relationship between sport and the media and show how they influence one another.
- Task 4: Evaluating media coverage of sport
- Learning Outcome 5 is assessed in this task.
- The organisers of the exhibition have been very pleased with your contribution to the event, which has been very successful. You spent much of your leisure time going round the event and looking at all the exhibits. To mark the end of the exhibition, a competition has been organised, which you have decided to enter. Entrants must produce a piece of work evaluating media coverage of sport. The best pieces will be put on permanent display.
- Your task is to evaluate media coverage of sport.
- You should demonstrate your ability to draw upon relevant skills/knowledge/understanding from Unit 1 Contemporary issues in sport.

Sports leadership

- Task 1: Effective sports leadership
- Learning Outcome 1 is assessed in this task.
- After a meeting with the rest of your class, you decide you would like to be a leader in the 'Mini-Olympics' event. As this is your first experience of leadership in sport you will need to gain specific knowledge of, and skills for, a range of different leadership roles.
- You should, where possible, relate the information you are describing to the activity you have chosen to lead. As a guide this activity should be one which you are familiar with.
- Task 2: Sports activity plan
- Learning Outcome 2 is assessed in this task.
- The organisers of the 'Mini-Olympics' have agreed that you can lead your chosen activity. You have been told that you will be leading a group of 10 -11 year old boys and girls. In order for the school children to have a good experience you need to plan the session.
- You should relate your planning information to the group that you will be leading, and the activity that you have chosen to lead, and take the appropriate health and safety precautions.
- You should demonstrate your ability to draw upon relevant skills/knowledge/understanding from other units you have studied.
- Task 3: Sports activity delivery
- Learning Outcome 3 is assessed in this task.
- You have planned your session and the school children have arrived at your school or college. Your teacher is going to observe your session and help you if necessary.
- Your task is to show your ability to deliver the sporting activity planned to the attending group.
- Task 4: Sports activity evaluation
- Learning Outcome 4 is assessed in this task.
- After you have delivered the session your teacher would like you to evaluate how the session went.
- Your task is to be able to evaluate your activity session. This could be done by relating the following questions:
- What went well?
- What did not go so well/?
- How can I improve next time?

Contemporary issues in sport

- Issues that affect participation
- The role of sport in promoting values
- The importance of hosting a major sporting event
- The role of Governing Bodies in sport
