Recognise the place value of any number in an integer up to one billion

What numbers are represented on the place value charts?
a)

35,612
b)

Use a place value chart to make these numbers.
a) 15,612
c) 1,200,000
b) 954,038
d) 3.5 million
(3)

Draw counters on the place value chart to represent the number. What is the value of the 7 in each number?
a) $23,704,321$
