

Classify angles

1 Sort the angles into the table.

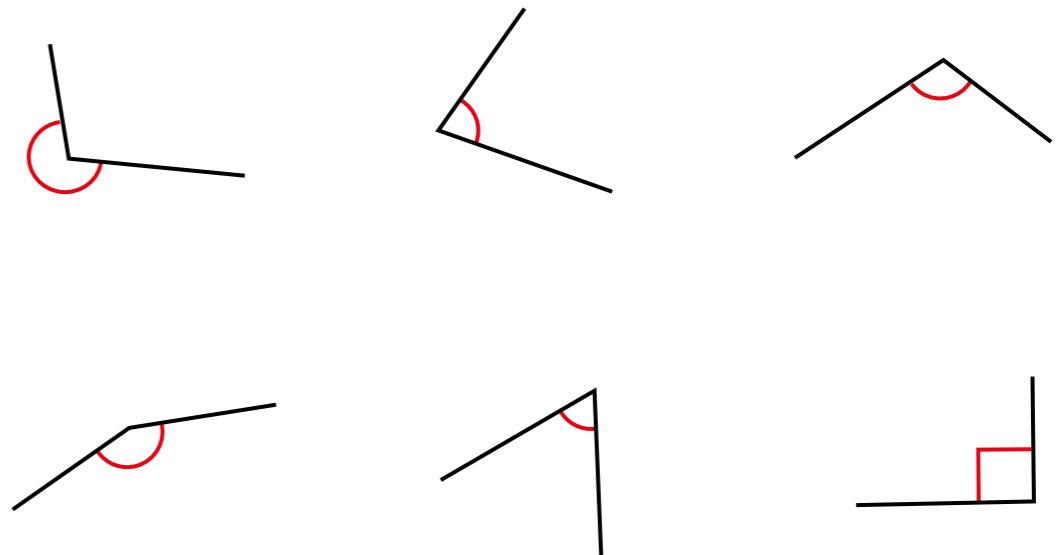

Acute angle	Obtuse angle	Right angle	Reflex angle

2 Circle all the acute angles.

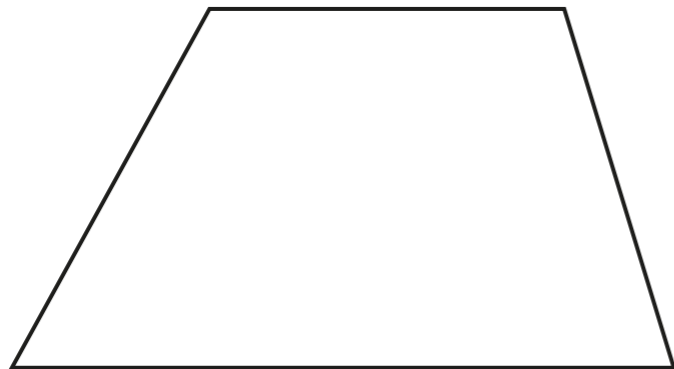

3 Circle all the obtuse angles.

4 Write *acute*, *obtuse* or *reflex* to label each angle.

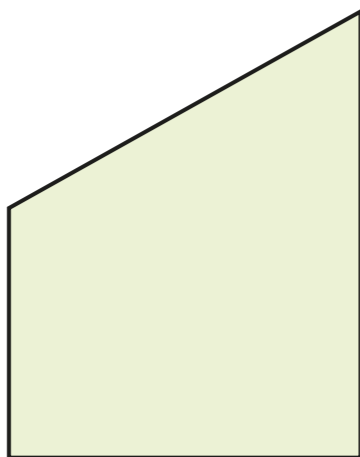

a) _____	d) _____	g) _____
b) _____	e) _____	h) _____
c) _____	f) _____	i) _____

5 Here is a trapezium.

- a) Label the acute angles 'A'.
- b) Label the obtuse angles 'O'.
- c) Draw an arc to show a reflex angle.

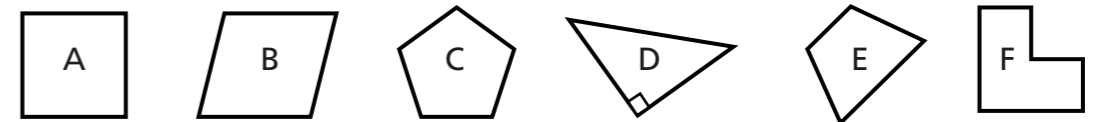

6 This is a right trapezium.

Label the right angles.

7 Complete the table for the interior angles of each shape.

Shape	Name	Number of acute angles	Number of obtuse angles	Number of right angles	Number of reflex angles
A					
B					
C					
D					
E					
F					

How would your answers change for the exterior angles of the shapes?
Talk about it with a partner.
