 - Agentic state/shift
 - Minority influence
 - Research in minority influence

What should I do to revise and prepare for this assessment?

To prepare for this assessment:

1. Read over notes
2. Read over the spec and highlight areas you are unsure of
3. Do not revise content you are confident on.
4. Read through your notes and make revision cue cards. This does not mean writing everything out in full, in smaller writing and on a small card. Condense your notes.
5. Use the online textbook to help you
6. Go on AQA and search for past paper for the A Level (not AS Level) and go over some questions. The mark schemes are available for you to mark your answers

What useful websites/resources could I use to help me prepare?
