What should I do to revise and prepare for this assessment?

To prepare for this assessment:

1. Review material covered in class by creating flash cards and mindmaps for key information.
2. Attempt summary questions and end of chapter and module questions from the text book.
3. Use select past paper questions from the OCR Chemistry A website and mark these using the associated mark scheme.
4. Begin your review early and seek help from your class teachers promptly if you need it!
