Year 7	**Art, Design and Technology**	Assessment Date(s):	N/A
Assessment Format:	Continuous	Assessment Length:	N/A

What key topics do I need to know and remember…

In Art and Design, you are assessed on the work that you produce during each project. This includes research and preparatory work, your final project outcome, and your evaluation. This closely follows the way in which students are assessed in this subject at GCSE level. You will not complete a separate assessment piece in this assessment window.

You teacher will be looking for the following evidence within your work:

- Demonstrating knowledge of the formal elements (evidenced in sketchbook)
- Experimenting with media, materials, techniques and processes, particularly the use of line, tone and colour (evidenced in sketchbook)
- Understanding of still life and how to use mark-making techniques to depict texture (evidenced in sketchbook)

How can I best prepare and revise for this assessment…

- Continue to work hard and apply yourself in Art lessons.
- Ensure that you complete every task to the best of your ability.
- Complete homework tasks to the best of your ability.
- Listen carefully to advice and act on any feedback that you are given.
- Revisit previous work in your workbook to see whether you can now make any improvements to it.
